

Cultural Star Knowledge Booklet

Make a booklet about star knowledge around the world, and write your own stories!

Materials E :

[Star Knowledge story sheets](#), construction paper, scissors or hole punch, yarn, colored pencils or markers, glue, other decorating materials (sequins, ribbons, tissue paper, etc)

Instructions:

Star Knowledge Around the World

People across the world tell stories about the night sky.

For thousands of years, people across the world have looked up at the night sky and marveled at what they saw. They create different pictures from the patterns of the stars, and tell stories about the stars, planets, comets, and other objects in the sky. They use astronomical knowledge to tell time, navigate, predict the weather, create art, tell stories, and make sense of the world around them.
